

The Syracuse Rocket Club

TRA Prefecture #053
NAR Section #566

CLUB MEETING MINUTES **July 2007**

In attendance: Dave, Rich, George, Elaine, Dennis, James, Scott Sellers

Last meeting's ACTION ITEMS

There are no action items.

SEMI- OLD BUSINESS

1 Update on the NIKE Smoke – We are almost finished with the build. 2 more build dates and the rocket will be finished. The painting team will meet Friday the 15 of June and get a game plan together. The electronics are being ordered. It will be ready by the NY Power in Geneseo. We are going to schedule the launch in for July 28th because it will be televised. Lots of media will be there because it was built by High School kids with the guidance of SRC. Lockheed Martin is one of the largest contributors.

Please read the latest newsletters and minutes to get more info, or email/call any club officer. This will be an awesome event.... We guarantee it!

Finances - We now have \$123 on account.

New Business

1 There will be a 50/50 drawing and possibly a rocket kit raffle at all the launches this year! Come on be a WINNER!!!

2. The PA system has been fixed. It will be used at the next launch

3. The launch Captains for this year are:

June 23rd – Dave Harbaugh

July 21st – Elaine and George, with Dave or Rich teaching.

Aug – James Shattel

Sept – TBD

Oct – TBD

Dave will be launch director at the next launch on the 23rd of June

(This was a short meeting).

NEXT MEETING August 1st, 2007
